CNC, edge banding, assembly, finishing, inspection at every stage

Export & OEM

USA · AU · DE · 4–5 × 40HQ containers per month

Đỗ Tấn Hùng
Founder and Managing Director
Tam Quang Minh Joint Stock Company

LETTER FROM THE FOUNDER

Dear Partners,

Tam Quang Minh was founded in Da Nang on 24 July 2011 with one clear goal: to make wood interiors that match the drawings, arrive on schedule and last.

We have built our own factory in Xuan Phu, a design and engineering team, and our own quality control process. Today Tam Quang Minh works as an interior fit-out contractor for hotels, offices, schools and public buildings, and manufactures OEM export orders for customers in the USA, Australia and Germany.

We believe every project is a commitment. That is why every item goes through the same process: site survey, design, manufacturing in our factory, inspection and installation by Tam Quang Minh's own team.

Thank you for taking the time to learn about us. We look forward to working with you on your next project.

Sincerely,

Signature

Đỗ Tấn Hùng

Project kick-off meeting

Three capabilities, one point of contact

Fit-out contracting	Interior fit-out for hotels, offices, schools and public buildings
Manufacturing	Own factory in Xuan Phu: cutting, CNC, edge banding, assembly, finishing, packing
Export & OEM	Made to customer drawings; MOQ 50 pcs per model; FOB Da Nang
Certification	ISO 14001 certified · ISO 9001 recertification in progress

OUR JOURNEY

From Da Nang to international markets

Since 2011 Tam Quang Minh has grown in one direction: owning production to control quality and lead times.

2011

The start

Founded on 24 July 2011 in Da Nang; manufacturing and installing wood interiors for local customers.

Phase 2

Investing in production

Built the factory in Xuan Phu and brought CNC machining and edge-banding lines into production.

Phase 3

Project contracting

Turnkey interior packages for offices, hotels, apartments, schools and public buildings.

Today

Going international

OEM manufacturing for customers in the USA, Australia and Germany; building a family of furniture brands.

Tam Quang Minh booth – VIETBUILD Da Nang 2018

Opening of the Xuan Phu showroom, 14/01/2024

Company anniversary, 2024

DIRECTION

Vision, mission and core values

VISION

To be a trusted Vietnamese partner for furniture manufacturing and interior fit-out in international markets.

MISSION

To create durable, beautiful living and working spaces through direct manufacturing, a transparent process and on-time delivery.

Core values – Tam · Quang · Minh

Tam

Dedication to every product, from drawing to handover.

Quang

Transparency in cooperation: clear quotes, clear schedules, clear responsibilities.

Minh

Creativity and precision in engineering, true to the approved drawings.

Tam Quang Minh project team

ECOSYSTEM

Tam Quang Minh and its member brands

Tam Quang Minh is the parent company and holds the manufacturing and project capabilities. Member brands serve specific customer groups and share the Xuan Phu factory.

CÔNG TY CỔ PHẦN TÂM QUANG MINH

Parent company · Fit-out contracting · Manufacturing · Export & OEM

01 Home furniture and retail

Tủ Bếp Furniture	Kitchens, made-to-measure furniture
Nội Thất Phố Xinh	Furniture showroom – Xuan Phu
Wood Steel Furniture	Wood and steel furniture
TDoor Series	Wood door product line

02 E-commerce

tbf.vn	Online furniture store
Thegioiconyeu.vn	Online mother & baby store

03 Business and platforms

TQM WorkScape	Office furniture
XAYSPACE	Construction industry platform

04 Construction and architecture

Xây Nhà Phố Đẹp	Townhouse construction
Nhà Phố Xanh Architecture	Architectural design
Cửa Cuốn G7	Roller shutters

CORE CAPABILITIES

Three capabilities, one point of contact

Customers work with a single company from design to handover, for domestic and export projects.

01

Interior fit-out contracting

Shop drawings, cost estimates, manufacturing, installation, acceptance and warranty for hotels, apartments, offices, schools and public buildings.

02

Furniture manufacturing

Own factory in Xuan Phu: panel cutting, CNC, edge banding, assembly, finishing and inspection at every stage.

03

Export and OEM

Pet furniture and wood furniture made to the drawings, materials and packaging of partners in the USA, Australia and Germany.

1
single point of responsibility for the whole package

2
sites: An Khe head office, Xuan Phu factory & showroom

4–5
40HQ containers per month – export capacity

PROCESS

Four steps from drawing to handover

One point of contact is responsible from survey to installation, so schedule and quality are controlled within one system.

01

Survey and quotation

Site measurement, clarifying requirements, quantity take-off and quotation.

02

Design

Renderings, shop drawings and material samples approved before production.

03

Manufacturing and inspection

Made in the Xuan Phu factory and inspected at every stage.

04

Installation and handover

TQM's own installation team installs, hands over and provides warranty.

Material consultation with a customer

Xuan Phu showroom – real product samples

DESIGN AND ENGINEERING

Approved on drawings before production

Every item has shop drawings, a bill of materials and material samples approved by the customer. The factory only produces to signed-off drawings.

3D rendering for the owner's approval

Completed project

3D rendering

As built

From rendering to finished project

Signage for Da Nang Software Park No. 2: Tam Quang Minh produced the 3D rendering and technical drawings, then manufactured and installed 304 stainless steel LED letters on the 20th-floor roof (29.45 × 2 m). The project was completed exactly to the approved design.

Survey

Site measurement, use requirements and technical constraints.

Rendering

Layout, colour and material options for the customer to choose.

Shop drawings

Plans, elevations, joint details, dimensions to the millimetre.

Bill of materials

Panels, hardware and coatings – the basis for quotation and production.

FACTORY

TQM – Xuan Phu Factory & Showroom

Edge-banding line – Xuan Phu factory

Production line

Panel processing	Panel cutting, CNC, edge banding, drilling
Assembly	Joinery assembly, supporting metalwork
Finishing	PU coating, inspection, export packing
Address	National Road 1A, Moc Bai Village, Xuan Phu Commune, Da Nang City

Entrance to the production workshop

QUALITY CONTROL

Inspection at every stage

Defects are caught where they occur, not at the end of the line. Every lot is inspected before delivery or container loading.

01 **Incoming materials**

Check panel type, thickness, surface and hardware against the bill of materials.

02 **Cutting and CNC**

Check dimensions, cut lines and drilling positions against the drawings.

03 **Edge banding**

Check glue adhesion, edges and matching edge colour.

04 **Assembly**

Trial assembly; check squareness, fit, door and drawer operation.

05 **Finishing**

Check coating surface, colour and gloss against the approved sample.

06 **Packing**

Check packaging, labels and quantities; export goods are checked against the customer's packing requirements.

Reference samples

Material samples and prototypes approved by the customer serve as the reference throughout production.

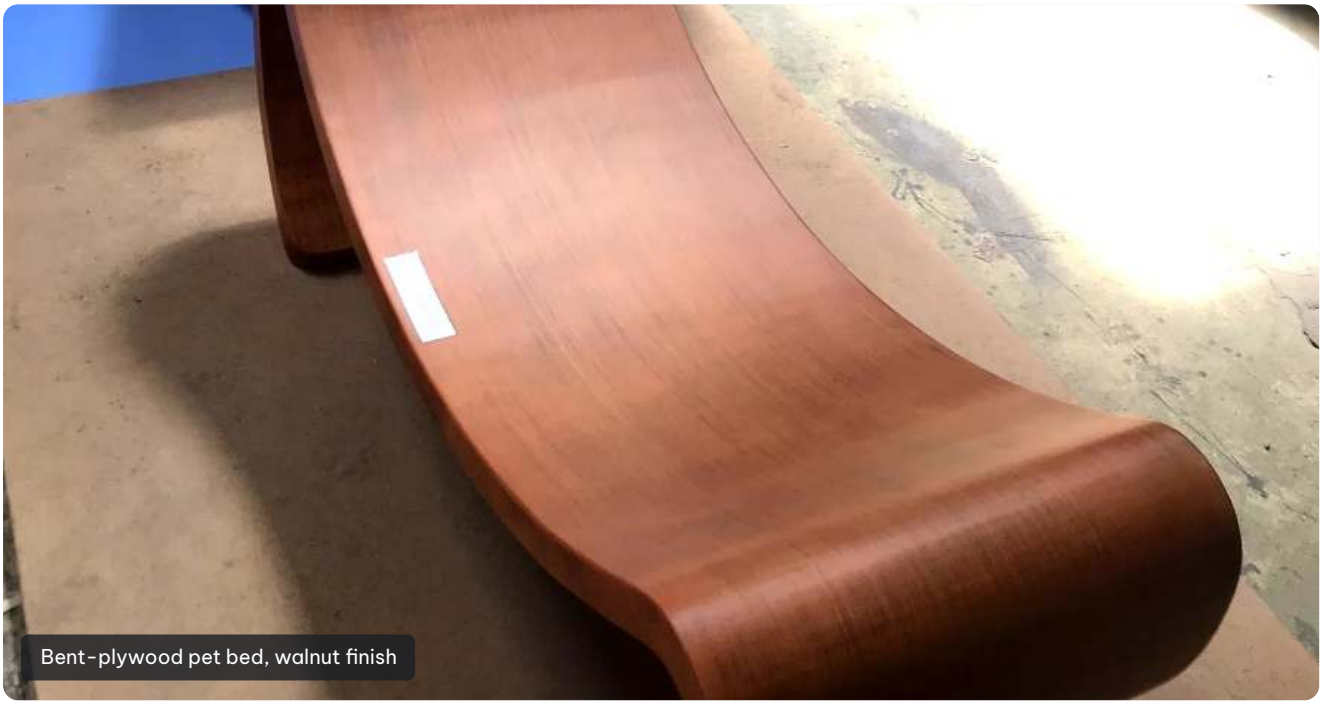

Pre-shipment inspection

For export orders, the customer or a third-party inspector appointed by the customer can inspect goods at the factory before container loading.

EXPORT PRODUCTS

Wooden pet furniture

Beds, sofas, dog crate furniture, cat houses and shelves – made to the drawings and standards of US partners.

Bent-plywood pet bed, walnut finish

Oak dog crate furniture

Product range	Beds, sofas, dog crate furniture, cat houses, shelves, kennels
Materials	Bent plywood, MDF, solid wood, veneer
Finishing	PU coating, colours to customer-approved samples
Panel materials	Meet CARB P2 / TSCA emission limits
Packing	To customer specifications, optimised for 40HQ containers
Confidentiality	Customer designs and brands are never disclosed

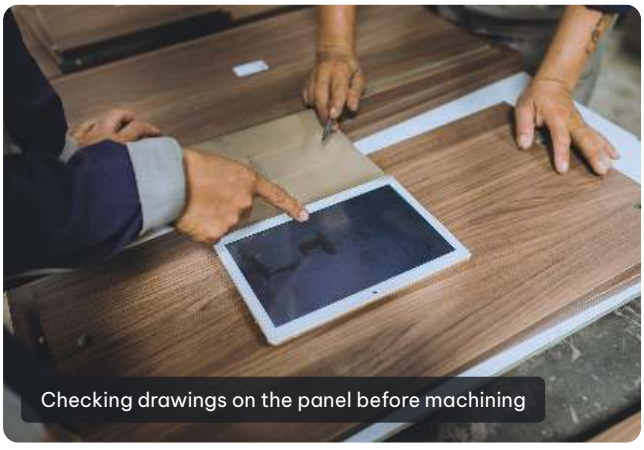

TỦ BẾP FURNITURE

Made-to-measure kitchens, wardrobes and home furniture

The Tu Bep Furniture (TBF) brand serves home owners and shares Tam Quang Minh's factory and engineering team.

Kitchen display area – Xuan Phu showroom

Checking drawings on the panel before machining

Products	Kitchens, wardrobes, beds, shelving, dining tables, living room furniture
Design	Made to measure for apartments, townhouses and villas
Experience	See real samples at the Xuan Phu showroom
Channels	Showroom and tbf.vn

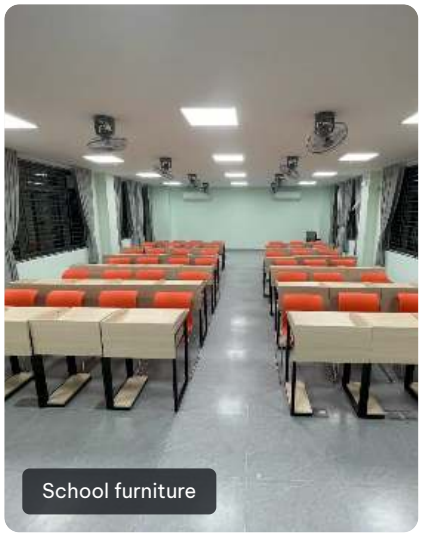

PROJECT PRODUCTS

Wood doors, engineered wood and office furniture

Volume production to project specifications: consistent design, dimensions and delivery schedule across many rooms and floors.

Wood door rendering

Meeting room furniture

School furniture

Wood doors

Room, office and hotel doors; frames, leaves, architraves and matching hardware.

Office furniture

Meeting tables, desks, filing cabinets, partitions and reception counters.

Engineered wood

School desks and chairs, hotel beds and wardrobes, rental apartment furniture.

Materials	MDF, moisture-resistant MFC, HDF, plywood, veneer, laminate, acrylic
Finishing	PU coating, melamine, laminate to approved samples
Consistency	One drawing – one approved sample – volume production for the whole project

EXPORT & OEM

OEM terms of cooperation

Tam Quang Minh manufactures to the partner's design, materials and packaging. The standard terms below apply to export orders.

50
pcs per model – minimum order quantity

10–15
days for samples

30–45
days for production

4–5
40HQ containers per month

01
Sample request
The customer sends drawings, photos or a sample; TQM quotes and makes the sample.

02
Sample approval
Sample ready in 10–15 days; the customer inspects and confirms.

03
Manufacturing
30–45 days after sample approval and deposit.

04
Inspection
Goods inspected at the factory before container loading.

05
Shipment
FOB Da Nang; capacity 4–5 × 40HQ containers per month.

Payment	T/T 30% deposit, 70% before shipment
Shipment	FOB Da Nang port
Markets	USA, Australia, Germany
